osc2nuke V3 Pre-Release

I'm proud to announce osc2nuke can release its newest integration of oscommerce to (Raven)Nuke

The newest oscommerce 3.05 ALPHA by oscommerce team will go become the best shopping cart experience in the e-commerce world.

Keep in mind this is only a alpha release and not a RC (release candidate) , so it isn't production ready (yeah right).

Have a lot of development fun and visit our site and forum frequently for new updates and questions/answers to this great module.
